

The Complete Pipeline

Know every stage. Hit every beat. Close every room — zero ambiguity, one system.

6-STAGE SALES PIPELINE

01

ONBOARDING

Know every package, price & KPI cold. Tools ready. Don't speak to a prospect until complete.

➔

02

RESEARCH

10 min before every meeting. Google, site check, Maps rating, 3 competitors. Walk in knowing their problem.

STAGE 02 — PRE-MEETING RESEARCH

1

Google Them

Search the business. Do they appear at all? What comes up first — them or a competitor?

2

Check Their Site

Is it mobile-friendly? Fast? Does it actually convert — or is it a liability?

3

Google Maps Rating

Low score = reputation problem. No reviews = visibility problem. You solve both.

4

Competitor Audit

Find their top 3 local competitors. Check online presence. Use it to create urgency.

OPENING LINE

"I had a look at your business before coming in today. I noticed a few things I wanted to talk about — but first, tell me how business has been. Are you getting as many new customers as you want?"

Never open with the product. Open with their world — not yours. The product comes third.

THE SIX ADVISOR RULES

Expert mindset.

You are the expert. Confidence is not optional.

Silence = weapon.

After every powerful question — stop talking.

Diagnose first.

Ask before you pitch. Always.

Outcomes, not features.

They care about customers, not animations.

Everything = ROI.

Every price is an investment, not a cost.

Show, don't tell.

Open the draft site silently. Let them sell themselves.

03

DISCOVERY

6 questions in sequence. Listen deeply. Take notes visibly. Feed answers back verbatim before you reveal anything.

➔

04

REVEAL & PITCH

Bridge their pain → silent demo → anchor £2,000+ → land £450 or £650. Contrast does the selling.

BUYING SIGNALS — READ THE ROOM

GREEN LIGHT — ADVANCE

"That looks really good"

Leans toward the screen

Asks logistics or timeline questions

"Can you do it in our colours?"

Looks at a colleague for approval

CAUTION — ADJUST

Arms crossed, leaning back

"We need to talk to our accountant"

"We'll think about it"

Checking their phone

Repeated glances at the door

POST-CLOSE — DELIVERY FLOW

A

Immediately

Log sale in CRM · notify build team · 24-hour clock starts NOW.

B

Same Day

30-min brief call with design team — brand, copy, domain, requirements.

C

Within 24h

Build complete · client reviews · revisions · site goes live.

ALWAYS DO

NEVER DO

Invoice same day as close

Hand over site before payment

Confirm payment terms in writing

Leave without a defined next step

Lock in brief call before you leave

Accept "call me when you're ready"

Log every interaction in CRM

Agree verbal-only instalment terms

IF NO CLOSE TODAY

Lock in a specific date & time before you leave

Send draft site link that evening · calendar invite from the car

05

CLOSE

Acknowledge every objection. Reframe. Pick a close technique. Ask once — then stop talking.

➔

06

POST-CLOSE

Invoice same day. CRM logged. Brief call booked before you leave. Site live within 24 hours. Not finished yet.

 INTERNAL · CONFIDENTIAL

1	CURRENT STATE <i>"When a potential customer Googles you right now — what do they find?"</i> Forces them to confront their digital reality.
2	AWARENESS <i>"How are most of your customers finding you at the moment?"</i> Exposes over-reliance on referrals. One slow season away from a problem.
3	COMPETITION <i>"Have you looked at what your top three competitors are doing online?"</i> Creates competitive anxiety. You already know the answer — make them say it.
4	REVENUE IMPACT <i>"76% of people research online before contact — what does that mean for the customers you're missing?"</i> Forces them to calculate lost revenue in their own head.
5	PREVIOUS EXPERIENCE <i>"Have you ever tried to get a website built before? What happened?"</i> Most have a war story. You are the antidote before you've mentioned the product.
6	FUTURE VISION ★ MOST POWERFUL <i>"If your digital presence was exactly where you wanted it — what would change for your business?"</i> Gets them to paint their own success picture out loud.

PRICE REVEAL SCRIPT

Step 5 — Silence. *The next person who speaks loses.*

"We already have a website."
Is it ranking? Is it bringing in enquiries — or is it a digital brochure nobody reads?

"£450 seems too cheap."
You've just seen it. That is the quality. Enterprise engineers, zero agency overhead. That's how.

"We need to think about it."
What specifically? Name the real objection. Then stop talking. Silence forces the answer.

"We want to get a few quotes first."
Equivalent quality starts at £2,000+. Come back — we will beat any genuine quote.

"We had a bad experience before."
"Tell me exactly what happened." Vela Sync was built specifically to close that gap.

"Not sure about the monthly fee."
£50 a month is insurance on a £450 asset. The easiest financial decision in the room.

POWER PHRASES

- "The question isn't whether — it's when."
- "This isn't a cost. It's a decision."
- "Every day you wait, your competitor doesn't."
- "Based on everything you've told me, this is the obvious next step."
